

## Waste-to-Energy

**8<sup>th</sup> and 9<sup>th</sup> September 2014**  
**Vienna Marriott Hotel**  
**Parking 12a – 1010 Vienna, Austria**

updated  
programme

### Issues

#### International Development

Legislation, strategies and country reports

#### Waste Incineration

Technology of waste incineration • Energy efficiency and use

Flue gas treatment • Treatment and utilization of slag

#### Alternative Waste-to-Energy Processes

Mechanical-biological treatment • Utilization of solid recovered fuels

Fermentation and utilization of biogas • Pyrolysis and gasification

### Sponsors

**Doosan Lentjes**  
Part of Doosan Power Systems

## Scientific Chair

**Professor Dr.-Ing. habil. Dr. h. c. Karl J. Thomé-Kozmiensky**

## Programme Coordination

**Dr.-Ing. Stephanie Thiel**

## Steering Committee

**Associate Professor Dr.-Ing. Lale Andreas**

Luleå University of Technology, Department of Civil, Environmental and Natural Resources Engineering, Waste Science & Technology, Sweden

**Professor Dr.-Ing. Michael Beckmann**

Technical University Dresden, Chair for Combustion, Heat and Mass Transfer, Germany

**Professor Dr.-Ing. Otto Carlowitz**

Technical University Clausthal, Head of the Institute of Environmental Sciences, Germany

**Patrick Clerens**

Secretary General, European Suppliers of Waste to Energy Technology (ESWET), Belgium

**Dipl.-Ing. Stefano Costa**

Director Environment and Services at CNIM Constructions Industrielles de la Méditerranée, France

**Professor Dr.-Ing. habil. Eberhard Gock**

Technical University Clausthal, Institute of Mineral and Waste Processing, Waste Disposal and Geomechanics, Germany

**Professor Dr.-Ing. Daniel Goldmann**

Technical University Clausthal, Head of the Institute of Mineral and Waste Processing, Waste Disposal and Geomechanics, Germany

**Professor Ing. Dagmar Juchelková, Ph. D.**

Technical University of Ostrava (VŠB), Head of the Department Energy Engineering and Research Manager of the Centre ENET, Czech Republic

**Professor Dr.-Ing. Martin Kranert**

University of Stuttgart, Chair of Waste Management and Emissions, Germany

**Professor Dr. Rundong Li**

Shenyang Aerospace University, Dean of the Faculty of Energy and Environment, China

**em. O. Professor Dr.-Ing. Karl E. Lorber**

University of Leoben, Waste Processing Technology and Waste Management, Austria

**Henrik Lystad**

Member of the Board of the European Compost Network (ECN) and Assistant Director of Avfall Norge/Waste Management Norway

**Dr.-Ing. Reinhard Maaß**

FDBR e.V. – Association of Process Plant Engineering – Energy, Environment, Process Industry Executive Member of the Management Board, Germany

**Dipl.-Ing. Johannes J. E. Martin**

Managing Director of Martin GmbH für Umwelt- und Energietechnik, Germany

**Adj. Professor Dr.-Ing. habil. Abdallah Nassour**

University of Rostock, Department of Waste Management in Arab countries, Germany

**Eur. Ing. Tadeusz Pajak, Ph. D.**

University of Science and Technology AGH Kraków, Department of Power Systems and Environment, Poland

**Assistant Professor Ing. Martin Pavlas, Ph. D.**

Brno University of Technology, Institute of Process and Environmental Engineering, Czech Republic

**Dipl.-Chem.-Ing. Luciano Pelloni**

President of TBF + Partner AG, Consulting Engineers, Zurich, Switzerland

**Univ.-Professor Dipl.-Ing. Dr. mont. Roland Pomberger**

University of Leoben, Chair of Waste Processing Technology and Waste Management, Austria

**Professor Dr.-Ing. Peter Quicker**

RWTH Aachen, Unit of Technology of Fuels, Germany

**Professor Dipl.-Ing. Dr. techn. Harald Raupenstrauch**

University of Leoben, Chair of Thermal Processing Technology, Austria

**Dr.-Ing. Gert Riemenschneider**

Managing Director of Fisia Babcock Environment GmbH, Germany

**Professor Dr.-Ing. Wolfgang Rommel**

Managing Director of bifa Umweltinstitut GmbH, Augsburg, Germany

**Professor Dr.-Ing. Vera Susanne Rotter**

Technical University Berlin, Chair of Solid Waste Management, Germany

**Professor Dr.-Ing. Oktay Tabasaran**

Istanbul, Turkey and Stuttgart, Germany

**Professor Nickolas J. Themelis**

Director of the Earth Engineering Center, Columbia University, Chairman of WTERT Waste-to-Energy Research and Technology Council, New York, United States

**Professor Dr. Franz Winter**

Vienna University of Technology, Institute of Process Engineering, Environmental Technology and Technical Biosciences, Austria

**Senol Yildiz, Ph. D.**

Deputy General Manager of Istanbul Environmental Management, Industry and Trading Company (İstaç A.Ş.), Turkey

## Plenary Session

PRESENTATION: PROFESSOR DR. DR. KARL J. THOMÉ-KOZMIENSKY

● **9.00 Hrs. European waste management legislation and its amendment**

Karl-Friedrich Falkenberg, General Director DG Environment  
European Commission, Brussels, Belgium

● **9.30 Hrs. Current developments in European waste-to-energy**

President Ferdinand Kleppmann  
CEWEP – Confederation of European Waste-to-Energy Plants, Düsseldorf, Germany

● **10.00 Hrs. Incineration – an indispensable element of a responsible waste management**

Dipl.-Chem.-Ing. Luciano Pelloni  
Chairman of IRF International Recovery Foundation, Zurich, Switzerland

● **10.30 Hrs. Review of the Best Available Techniques Reference Document (BREF) for waste incineration and interactions with other BREFs**

Simon Holbrook, European IPPC Bureau (EIPPCB)  
European Commission, Joint Research Centre, Seville, Spain

● **11.00 Hrs. Coffee Break**

PRESENTATION: PROFESSOR DIPL.-ING. DR. TECHN. HARALD RAUPENSTRAUCH

● **11.30 Hrs. Incineration – alternative processes – recycling**

Professor Dr. Dr. h. c. Karl J. Thomé-Kozmiensky  
Dr.-Ing. Stephanie Thiel

● **12.00 Hrs. The development of waste incineration in Europe**

Managing Director Dipl.-Ing. Johannes J. E. Martin, Dipl.-Ing. Ulrich Martin  
Martin GmbH für Umwelt- und Energietechnik, Munich

● **12.30 Hrs. Possibilities to elevate the energy efficiency of waste incineration plants**

Dr.-Ing. Gert Riemenschneider  
Managing Director of Fisia Babcock Environment GmbH, Gummersbach, Germany

● **13.00 Hrs. Lunch Break**

PRESENTATION: PROFESSOR DR.-ING. MARTIN KRANERT

● **14.00 Hrs. Balancing and energy efficiency of waste treatment processes**

Professor Dr.-Ing. Michael Beckmann  
Dipl.-Ing. Tobias Widder  
Technical University Dresden, Germany

## Country reports

● **14.30 Hrs. Paradigm shift in the British waste management sector – from landfilling to incineration –**

Paul Carey  
Director of MVV Environment Ltd, London, United Kingdom

● **15.00 Hrs. Experiences in new EU accession countries**

Mag. Gerhard Ziehenberger, Member of the Executive Board  
Dipl.-Ing. Michaela Heigl  
Saubermacher Dienstleistungs AG, Feldkirchen near Graz, Austria

● **15.30 Hrs. Coffee Break**

PRESENTATION: DR.-ING. STEPHANIE THIEL

● **16.00 Hrs. Turkey achieves EU standards till 2030**

Professor Dr.-Ing. Oktay Tabasaran  
Istanbul, Turkey and Stuttgart, Germany

● **16.30 Hrs. Waste generation and disposal methods in emerging countries**

Adj. Professor Dr.-Ing. habil. Abdallah Nassour  
University of Rostock, Department of Waste Management in Arab Countries, Germany

● **17.00 Hrs. A guidebook for sustainable waste management in Latin America**

Associate Professor Dr. Constantinos Psomopoulos  
Director of Electric Power Division, Technological Education Institution of Piraeus  
Egaleo, Greece  
Vice President of the Waste to Energy Research & Technology (WERT)  
Council Greece – SYNERGIA

● **19.30 Hrs. Evening Reception**

## Incineration

PRESENTATION: SECRETARY GENERAL PATRICK CLERENS, ESWET

**8.30 Hrs. Decision-making processes in resource recovery from waste**

Dipl. Natw. ETH Trimurti Irzan, Member of the Management of TBF + Partner AG, Consulting Engineers, Zurich, Switzerland

**8.50 Hrs. Waste availability, successful regional strategies and shaping new waste-to-energy projects**

Assistant Professor Ing. Martin Pavlas, Ph. D., Technical University of Brno, Czech Republic

**9.10 Hrs. A zero-waste and energetically optimized waste-to-energy concept**

Dr.-Ing. Margit Löschau, Dipl.-Ing. Günter Nebocat  
Pöyry Deutschland GmbH, Germany

**9.30 Hrs. Layout planning of waste-to-energy plants**

Dipl.-Ing. Falko Weber  
Managing Director of Envi Con & Plant Engineering GmbH, Nuremberg, Germany

**9.50 Hrs. Discussion**

**10.00 Hrs. Coffee Break**

PRESENTATION: AO. UNIV. PROF. DIPL.-ING. DR. FRANZ WINTER

**10.30 Hrs. High efficient waste-to-energy facilities**

Inger Anette Søndergaard, Head of Department Waste-to-Energy  
Tore Hulgaard, Senior chief consultant Flue gas treatment  
Lasse Tobiasen, Chief consultant Energy  
Ramboll Group A/S, Copenhagen, Denmark

**11.00 Hrs. Impact of operation mode and design on the energy efficiency of waste combustion plants**

Dr. ir. Johan De Greef, Technology Project Manager  
Keppel Seghers Belgium NV, Willebroek, Belgium

### Examples of waste incineration plants

**11.30 Hrs. The waste-to-energy plant Krakow**

– Proceedings regarding the realisation of thermal waste treatment in Poland –

Dipl.-Wirtsch.-Ing. Gerhard Lohe, Director Business Development  
Doosan Lentjes GmbH, Ratingen, Germany

**Thermal waste treatment plant Spittelau – New construction to the existing plant –**

Dr.-Ing. Frank Schumacher, MH Power Systems Europe Service GmbH (only book)  
Dipl.-Ing. Dr. Philipp Krobath, Ing. Erich Pawelka, Ing. Ulrich Ponweiser, Wien Energie GmbH  
Dipl.-Ing. Martin Höbler, MH Power Systems Europe Service GmbH

**12.00 Hrs. Lunch Break**

PRESENTATION: PROFESSOR DR.-ING. WOLFGANG ROMMEL

**13.00 Hrs. Waste-to-energy plant as part of combined heat and power strategy – using the example of the Klaipeda plant –**

Kalle-Erkki Penttilä, Head of Investments and M&A, Fortum Heat Poland

**13.30 Hrs. Waste management in the metropolis of Istanbul**

– Waste incineration and energy production facility in Istanbul –

Senol Yildiz, Ph. D., Deputy General Manager of Istanbul Environmental Management, Industry and Trading Company (İstaç A.Ş.), Şişli-Istanbul, Turkey

### Flue gas treatment

**14.00 Hrs. Flue gas cleaning today – Available technologies and latest developments –**

Dipl.-Ing. Christian Fuchs, Deputy Managing Director of LAB GmbH, Stuttgart, Germany

**14.30 Hrs. Coffee Break**

PRESENTATION: DR.-ING. ALEXANDER GOSTEN, BSR

**15.00 Hrs. Assessment of dry and semi-dry sorption procedures**

on the basis of practice-related examples from the field of incineration plants

Dipl.-Ing. Rüdiger Margraf  
Managing Director of LUEHR FILTER GmbH & Co. KG, Stadthagen, Germany

### Recycling of incineration residues

**15.30 Hrs. Recycling of waste incineration ash – Production of non-ferrous metal scrap products and a marketable mineral aggregate –**

Rogier van de Weijer  
Business Development Director of Inashco B.V., Rotterdam, Netherlands

**16.00 Hrs. Optical sorting for the recovery of glass from WIP slags**

– pilot plant in Bratislava/Slovakia –

Dipl.-HTL-Ing. Christian Makari  
Binder + Co AG/Environmental Technology, Gleisdorf, Austria

## Alternative Waste-to-Energy processes

### Pyrolysis and gasification

PRESENTATION: PROFESSOR DR.-ING. PETER QUICKER

● **8.30 Hrs. State of the art of alternative thermal processes**

Professor Dr.-Ing. Peter Quicker  
RWTH Aachen, Unit of Technology of Fuels, Germany

● **9.00 Hrs. Waste gasification technology with direct melting for energy and material recovery**

M. Sc. Nobuhiro Tanigaki, Chief Technical Manager  
Nippon Steel & Sumikin Engineering Co., LTD.

● **9.30 Hrs. Refuse derived fuel gasification technologies for high efficient energy production**

Dr. Markus Bolhàr-Nordenkamp, Director, Central Eastern Europe & Middle East  
Valmet GesmbH, Vienna, Austria  
Dipl.-Ing. Juhani Isaksson, Director Gasification, Valmet Power Oy, Tampere, Finland

● **10.00 Hrs. Coffee Break**

PRESENTATION: ASSISTANT DIRECTOR HENRIK LYSTAD, WASTE MANAGEMENT NORWAY

● **10.30 Hrs. The biobattery – Integrated heat and power generation from biomass, waste and residues via intermediate pyrolysis/reforming**

Professor Dr. rer. nat. Dipl.-Ing. Andreas Hornung  
Director of the European Bioenergy Research Institute (EBRI), Aston University  
Birmingham, United Kingdom  
Director of the Institute Branch Sulzbach-Rosenberg, Fraunhofer UMSICHT, Germany

### Fermentation and biogas utilisation

● **11.00 Hrs. Eco-efficiency comparison of fermentation, composting and incineration of bio waste**

Managing Director Professor Dr.-Ing. Wolfgang Rommel  
Dipl.-Ing. Thorsten Pitschke, Dipl.-Ing. René Peche, Dr. rer. agr. Dieter Tronecker  
Deputy Managing Director Dr. rer. nat. Siegfried Kreibe  
bifa Umweltinstitut GmbH, Augsburg, Germany

● **11.30 Hrs. Application of anaerobic digestion for the treatment of municipal solid waste in several projects**

Dipl. oec. Univ. Martin Hagenmeyer, Business Development Manager  
STRABAG Umwelthanlagen GmbH, Linz, Austria

● **12.00 Hrs. Lunch Break**

PRESENTATION: PROFESSOR DR.-ING. ANKE BOCKREIS

● **13.00 Hrs. The success story of Scandinavian biogas industry**

Henrik Lystad, Assistant Director of Avfall Norge/Waste Management Norway, Oslo, Norway  
and Member of the Board of the European Compost Network (ECN)

● **13.30 Hrs. Utilisation of biogas**

Dr.-Ing. Alexander Gosten, Berliner Stadtreinigungsbetriebe (BSR), Germany

### Mechanical-biological waste treatment

● **14.00 Hrs. Best Available Techniques (BAT) for mechanical-biological waste treatment plants**

Professor Dr.-Ing. Anke Bockreis, Vice Rector for Infrastructure  
University of Innsbruck, Austria

● **14.30 Hrs. Coffee Break**

PRESENTATION: UNIV.-PROFESSOR DIPL.-ING. DR. MONT. ROLAND POMBERGER

● **15.00 Hrs. Mechanical-biological stabilisation plant in Fusina near Venice/Italy (260,000 t/y) – Twelve years of operating experience –**

Dr.-Ing. Simone Paoli, Ladurner srl, Bolzano, Italy

### Solid recovered fuels

● **15.30 Hrs. Concepts for processing of solid recovered fuels from different waste origin for waste-to-energy plants**

Ing. Michael Pinkel, Ing. Jürgen Deditz  
IUT Ingenieurgesellschaft Innovative Umwelttechnik GmbH, Seebenstein, Austria  
Univ.-Professor Dipl.-Ing. Dr. mont. Roland Pomberger  
University of Leoben, Chair of Waste Processing Technology  
and Waste Management, Austria

● **16.00 Hrs. Use of solid recovered fuels in the cement industry**

Univ.-Professor Dipl.-Ing. Dr. mont. Roland Pomberger, University of Leoben  
Chair of Waste Processing Technology and Waste Management, Austria

## Speakers

Thomé-Kozmiesky

Rogier van de Weijer

Dipl.-Ing.  
Falko Weber

Ph. D.  
Senol Yildiz

Mag.  
Gerhard Ziehenberger

## Invitation

The IRRC is a forum for the exchange of information about materials flow management and closed substance cycle, applied technologies as well as organisational forms of countries that largely comply with the EU-norms and those that are only at the beginning of this development.

Internationally acknowledged speakers of the industry, from politics, science, and technology will present the current themes and discuss them with the participants. The exchange of experiences, ideas, and concepts will give impulses for cooperation and is going to promote development particularly in the new EU-member states.

About 270 participants from more than twenty countries attended our last congresses, which took place in Warsaw and Berlin. The international character of the congress shall be developed successively. For 2014, in addition to the German-speaking region, the following countries are envisaged amongst others: Czech Republic, Poland, Serbia, Russia, Great Britain and Turkey.

This year's IRRC – Waste-to-Energy – is going to take place on 8<sup>th</sup> and 9<sup>th</sup> September in Vienna. With the congress venue Vienna additional participants from the above mentioned and other countries shall be attracted.

On the first day of the English congress, there will be a plenary session with political and strategic presentations.

On the second day there will be two parallel sessions, in which projects and technical developments are going to be presented. Scheduled are the subjects **incineration** – technology of waste incineration, energy efficiency and use, flue gas treatment, treatment and utilization of slag – and **alternative Waste-to-Energy processes** – mechanical-biological treatment, utilization of solid recovered fuels, fermentation and utilization of biogas, pyrolysis and gasification.

At the congress we are publishing an English book of about 400 pages containing the elaborated articles written by the lecturers.

*Karl J. Thomé-Kozmiensky*

## Partners

Approved by the Chartered Institution of Wastes Management, this conference provides two days towards the Institution's Graduate Structured Learning & Development Programme, Or 15 hours of Continuing Professional Development

Deutsche Gesellschaft  
für Abfallwirtschaft e.V.

## Media Partners

Abfall • Rohstoff • Energie Fachzeitschrift für nachhaltiges Wirtschaften

### Plant-Overview – Brochure *We Serve Vienna*

Tour surveying plant in Vienna (guided tour in English):

#### Pfaffenau waste incineration plant

Since autumn 2008, the **Pfaffenau waste incineration plant** (German acronym “MVA”) has been producing approx. 410 GWh (gigawatt hours) of district heat and 65 GWh of electricity from approx. 250,000 tonnes of residual waste annually, thereby supplying approx. 50,000 Viennese households with district heating and approx. 25,000, with electricity. A four-stage flue gas scrubbing plant decreases emissions to a minimum.

#### waste logistics centre

**Simmering waste logistics centre** (German acronym “ALZ”): the most recent element of the comprehensive waste disposal system of Vienna is provided by the new Pfaffenau waste logistics centre in the 11th municipal district Simmering. This high-tech installation adjacent to the Pfaffenau waste incineration plant serves for the processing and interim storage of residual and bulky waste. If necessary, the pre-treated, compacted waste is wrapped in airtight bales and stored until incineration without releasing unpleasant odours. This ensures reliable disposal even in case of repairs or downtimes at waste incineration plants. The facility ensures that all waste collected can be properly disposed of, irrespective of the waste volume or capacity utilisation of Vienna’s waste incineration plants.

#### Rinter Tent

The **Rinter Tent** (or “MA 48 Tent”) is the central hub of separate recyclable collection. This is where the various fractions are re-sorted, stored on an interim basis and then sent on by rail for further processing. Problematic waste is likewise sorted and stored here temporarily at a special collection point before recycling or final disposal. **Waste incineration residues (ash and slag) are demetallised and converted into slag-ash concrete.**

#### Rautenweg landfill

This concrete is then properly disposed of at the **Rautenweg landfill**. The local groundwater stratum is protected by a retaining wall (“Vienna sealed-wall chamber system”). Moreover, the landfill boasts a unit for landfill gas capturing and utilisation, which generates electricity for approx. 2,200 households, and operates several technical and organisational safety installations.

8<sup>th</sup> and 9<sup>th</sup> September 2014

**Congress venue**  
**Vienna Marriott Hotel**

Parking 12a · A-1010 Vienna  
Tel. +43-1-515180  
Fax +43-1-515186736  
Internet: www.marriott.com  
Single room for 209,- EUR per night  
limited offer reserved until 8<sup>th</sup> August 2014

**Organisation of the Congress:**  
**TK Verlag**  
**Dorfstraße 51**  
**D-16816 Nietwerder-Neuruppin**  
**Phone +49.3391-45.45-0**  
**Fax +49.3391-45.45-10**  
**Email: tkverlag@vivis.de**

**Alternative hotel**

There are a number of alternative accommodations close to the conference venue. You can book rooms directly at the hotel or by using online hotel portals, like [www.hrs.com](http://www.hrs.com). But please be aware that these special offers are binding and cannot be cancelled anymore.

**Conditions of Participation and Services**

**How to register**

With the registration you acknowledge **the terms and conditions** of TK Verlag Karl Thomé-Kozmiensky as binding.

The registration of participants must be in writing either by e-mail, by mail, by fax or online using the application form. Please use a separate form for each applicant. It is not possible to register only for parts of the event, unless stated otherwise in the programme. On receipt of your application we will send you an invoice for your participation fee, which also serves as a confirmation of your registration.

If you are unable to attend the congress or the excursion, your registration can be delegated to a substitute person. Cancellation requests for the congress must be received in writing on or before the cancellation deadline of **8<sup>th</sup> August 2014**. Cancellation requests for the excursion must be received in writing on or before the cancellation deadline of **1<sup>st</sup> September 2014**. Written notifications are accepted via email, mail or fax. Cancellations received on or before the respective deadline will receive a refund of the paid fees minus an administration fee of 50,- EUR + VAT for congress cancellations and of 10,- EUR + VAT for excursion cancellations. Cancellations received after the respective cancellation deadline will not be issued a refund. Any unpaid congress fees are due and payable to TK Verlag Karl Thomé-Kozmiensky. Congress documents will be sent to registered attendees, who were unable to participate.

If the congress must be cancelled or moved to another date, all registered participants will be informed instantly. For losses resulting from the cancellation of the congress TK Verlag Karl Thomé-Kozmiensky is not liable. The invoice amount already paid by the participants will be refunded immediately.

The organizers will provide a reduced conference registration fee for participants from economically weak countries, including the new EU-member states (countries that joined the EU in the year 2004 or later). With the term „economically weak countries“ the organizers mean those countries, defined as „low and middle income economies“ by the World Bank.

**The programme is subject to alterations.**

**Congress fees**

890,- EUR + VAT.  
Regular fee for participants from the EU-15 and EFTA countries, and overseas (high-income economies)  
300,- EUR + VAT.  
Reduced fee for participants from economically weak countries, including the new EU-member states and full-time professionals of public authorities or universities  
100,- EUR + VAT.  
Reduced fee for students

**The congress fee comprises:**

- Attendance at all presentations
- Coffee breaks and luncheons for both days
- Participation at the evening event on 8th September 2014
- Congress documents
  - \* Book of the congress contributions
  - \* Proof-of-entry (also serves as name tag)
  - \* List of speakers and participants
  - \* Final program

**Complementary programme**

20,- EUR + VAT.  
Excursion on 10th September 2014  
Registration deadline for excursion: 1<sup>st</sup> September 2014

**The excursion fee comprises:**

- Pick up and return from Vienna Marriott Hotel (9am-2pm)
- Transportation between the waste management sites
- Guided tour at each site in English
- Group size of max. 15 people

**Payment details**

Please do not pay the congress fee until you have received your invoice. Write the invoice number and the name of the attendee legibly on the money transfer form.

**Fax Registration for the IRRC Waste-to-Energy +49.3391-45.45-10**

**My special interests on 9<sup>th</sup> September 2014 are (please tick):**

**Internet**

<input type="checkbox"/> Waste incineration	<input type="checkbox"/> Flue gas treatment	<input type="checkbox"/> Mechanical-biological treatment	<input type="checkbox"/> Solid recovered fuels
<input type="checkbox"/> Examples of waste incineration plants	<input type="checkbox"/> Recycling of incineration residues	<input type="checkbox"/> Fermentation and biogas utilisation	<input type="checkbox"/> Pyrolysis and gasification

I submit my binding application to attend the **IRRC Waste-to-Energy** from **8<sup>th</sup> to 9<sup>th</sup> September 2014 in Vienna**.

I accept the terms and conditions.

I will pay the following congress fee(s) after receiving my invoice:

- 890,- EUR + 20 % VAT.** Participants from the EU-15, the EFTA countries, and overseas
- 300,- EUR + 20 % VAT.** Reduced fee for participants from other countries, public authorities and universities
- 100,- EUR + 20 % VAT.** Reduced fee for students
- 20,- EUR + 20 % VAT.** Excursion on **10<sup>th</sup> September 2014**  
**Registration deadline for excursion: 1<sup>st</sup> September 2014**
- I will attend the evening event on **8<sup>th</sup> September 2014**
